

# Defibrillators

## Lifepak CR Plus Automatic Defibrillator

~~£1495~~

£950

The LIFEPAK CR Plus AED defibrillator is specifically designed for the first person at the scene of a sudden cardiac arrest. Designed for the minimally trained and infrequent rescuer, it is easy to use and understand in a cardiac emergency, where time is of the essence. The CR Plus is a fully automatic model. If the patient has a shockable rhythm the defibrillator automatically delivers a shock without any other user intervention required. Supplied complete with carry case, 2 Pairs Of Quik-Pak electrodes with Redi-pak pre-connect system, 1 protocol card, Ambu mask kit, operating instructions, charge-Pak (installed), and an eight-year warranty

## Powerheart AED G5 Automatic Defibrillator

~~£1625~~

£1195

The Powerheart® G5 is the first AED to combine real-time CPR feedback, fully automatic shock delivery, variable escalating energy, and fast shock times. 7-year AED warranty. Medical-grade battery with a 4-year full operational guarantee. Automatically detects pediatric pads and delivers a reduced energy shock. Fully automatic shock delivery eliminates user hesitation.

Text prompts provide extra help in noisy and chaotic environments. Easily update settings if Resuscitation Guidelines change. Quickly transfer and review data via USB.
